

## Beginner Square Component for Pathways Project

Single crochet – J hook or larger

Questions? Michelle Lougee [plarnartplanet@gmail.com](mailto:plarnartplanet@gmail.com)

The Beginner Square component is the easiest component to start with. The chain stitch is the foundation and basis for crochet.

Chain stitch 21 stitches

Insert the hook into the second stitch from the end, yarn over and pull through yarn over pull through two loops (single crochet) continue this stitch across the row.

Chain stitch one, turn your work and insert into the second stitch from your hook and continue with single crochet across the row.
