

Crochet Funnel Component for Pathways Project

Single crochet – J hook or larger

Questions? Michelle Lougee plarnartplanet@gmail.com

Fold back the end of plarn to make a loop and chain 3 and join the circle by inserting the hook into the first loop, yarn over and pull through.

Insert hook back into the same loop, yo and pull through. Single crochet the round. (insert, yo, pull through, yo, pull through 2 loops on hook).

Continue with single crochet into the stitches making a long slender tube to appx 4-6 inches. Begin to crochet 2 single crochet into every fifth stitch to increase and make funnel base about 6 rows.
